Sources

Main source is alphabetical listing of marriages and baptisms from Hampshire parish registers. I have correlated baptismal parents with marriages by name, date, and location to generate family groups with fairly high confidence level. Ancestors of **Alan Blackwell** marked in **bold**. Other known descendants marked >>>. Other sources are marked as follows :

[C51] Census index 1851 for selected Hampshire areas. [C91] Census index 1891 for selected Hampshire areas. I formed family groups by correlating folio volume and page number. Spouses/children conjectural, but fairly high confidence. [C81] Census 1881 full entry, shows family relationships.
